THE PUPPETS FOR PEACE CELEBRATION

Sept. 11 to 13

The Puppets for Peace Celebration is special guest to the Fernwood Communities' Vining Street Party on the Plaza this year. Expect a weekend of fun for young and old alike on September 11, 12 and 13 - including a parade of puppets, puppet making and performances galore.

Leading up to the Festival weekend - puppets will be on display at Puppet Central beginning August 17th - 3rd floor of The Bay Centre. Visitors can see puppets from all over the world, including those of renowned Canadian artists Pat Martin Bates and P. K. Page. See them up close and behind the scenes - plus experience the chance to try handling many different types of puppets.

Workshops and performances for all ages and puppet making for kids will be enjoyed in the weeks from now until September 11th. For more Festival details and advance events - see the Puppets for Peace website - www.puppetsforpeace.org.
